

CALDERA HIGH SCHOOL STUDENT: ACTIVITIES

A SMEARY SPOT, SCI-FI VIDEO INSTALLATION

SUNDAY, OCTOBER 16

Portland high school students are invited to attend the 2016 Time Based Art Festival. Using science fiction as a point of departure, "A Smearly Spot" is a 53-minute, 4-channel video installation that draws on theater, surrealism, philosophy, and ecological anxieties. Students will tour and interpret the exhibit with Ram and curators from the Portland Institute of Contemporary Art.
